

FRAMING GUIDELINES FOR CCWS MEMBERS

CANVASES with wide edged must be strung on 'D' rings one third from the top of the painting.

(Thin Edged Canvases must be framed)

Ensure that the glass is clean on both sides and the required painting information is on a card fastened at the back of the painting at the left or right corner.

Some framing businesses sell 'D' rings and framing tape. Bunnings sell 'D' rings ... or purchase online.
